How to use this tracker

1. Each day is a block and every test is its own row. **Tap a test name** to open that RBE test.
2. After a test, write your **Score**, the test's **Total Marks**, **Percentile** and **Notes / weak areas**.
3. **Full Length mocks**: write the total score only – NTPC full mocks have mixed questions, so subject-wise marks are not shown. Copy every full mock to the [Full Length Log](#) at the end.
4. Under each day, **Study material** gives the crash course / notes for that day's Economics, Polity and Geography tests and the Computer book on Computer days.
5. Fill the day summary. Prefer typing? Use the [free online tracker](#) (graphs + report card) or the Excel version.

CBT-1 pattern: Maths 30 · Reasoning 30 · General Awareness 40 = 100 Q / 100 marks · 90 min · -1/3 per wrong · Qualifying UR/EWS 40%, OBC-NCL & SC 30%, ST 25%.
